Are there existing websites you admire? Please provide 2–3 links and tell us *what* you like about them (layout, color, vibe).

I had already sent you the two websites to look at. https://ccid2.org/ and https://united-irrigation.com/index.html/ We can go over to see what we want from each one of these. The United Irrigation District website, we are integrating the capability to pay the yearly assessment on it from their website. The ccid2 site has a lot of what we want on ours as far as information.
